

**Aquaverse
Model: 5H**

AQUVERSE®
Commercial Grade

What makes a 5 gallon water cooler commercial grade?

Patented leak guard keeps leaky bottles from spilling water on floor

Splash guard ensures easy placement and removal of water bottle.

Styrofoam insulation reduces energy use and improves efficiency

Fast fill rate (16oz in under 8 seconds!) and deep fill area for large sport bottles and containers

Heavy-duty hardware and encased metal external construction makes units rugged and durable

Hot tank on off switch

Adjustable cold water thermostat – factory set for maximum efficiency

Refrigerant Type: R134a

Energy Star® rated for exceptional energy efficiency

Fits a standard 3 and 5 gallon water bottle

High-volume, 304 electro polished stainless steel hot and cold tanks with internal heating coils and copper refrigerant lines ensure no off taste to water

Push style faucets offer comfort and ease with patented child safety hot water protection

Removable dishwasher-safe drip tray

Cold rolled metal is 7x more durable than stainless steel

Siding treated to be finger print and smudge resistant

Fits any standard 110 volt socket

LG high-efficiency compressor with the lowest cycle rate available ensures a long lifespan. Convection cooling with internally spring-mounted, hermetically sealed compressor with automatic overload protector
